PROFESSIONAL EXPERIENCE

Carbarn

Sep 2025 – Present

SEO and Data Analyst

Dhaka, Bangladesh

As an SEO and Data Analyst at Carbarn, I analyze website performance data using tools like Google Search Console and Sitechecker to improve visibility and ranking. My role involves collecting, cleaning, and interpreting large datasets to identify trends, user behavior, and optimization opportunities. I also develop Python automation bots to streamline data processing and reporting tasks, conduct keyword and competitor analysis, and implement on-page and technical SEO strategies.

Star Tech Ltd

Jul 2024 – Sep 2024

Executive

Dhaka, Bangladesh

As a former SEO Content Writer at Star Tech Ltd., I created high-quality, optimized content to drive organic traffic and enhance audience engagement. My responsibilities included conducting keyword research, developing content strategies, and collaborating with cross-functional teams to ensure consistent and impactful messaging.

A1QA

Apr 2024 – May 2024

QA Automation Engineer Intern (Remote)

Minsk, Belarus

I have developed automation tests using WebdriverIO and JavaScript, where I focused on creating robust and efficient test scripts. My responsibilities included running tests, analyzing results, and setting up and supporting the environment for automated test execution.
